

POLITICAL CARDS ARE ORDERED OUT BY COUNTY BOARD

Supervisors Adopt Resolution Offered
by Edward Bauersfeld Providing
for Removal of Pictures.

HAVE PLASTERED COURT HOUSE

Custom of Using Building as Advertis-
ing Medium for Candidates Pro-
hibited in Future.

It's goodnight for the campaign cards at the court house! At the meeting of the board of supervisors yesterday afternoon a resolution offered by Supervisor Edward Bauersfeld, Rock Island, was passed directing the sheriff to not only remove all political matter from the corridors of the building but also to see to it that the practice of making the county building an advertising medium for aspirants for office be not revived in the future.

For weeks and weeks the rotunda of the building as well as the various halls have been plastered with candidates' pictures. In such profusion were they placed that Supervisor Bauersfeld became convinced that it cheapened the dignity of the county property. He declared that it was "jaytown stuff" and announced that when the board convened he would insist on having the custom stopped. Inasmuch as today is primary day, the board's ruling will not affect any of the candidates for nomination but the successful ones will have to look elsewhere for a place to hang their cards for the November election.

Change Election Judges.
A number of changes were found necessary in various election boards of the county as follows:
Rock Island—Third district, Ben Graham vice Earl Kinsley; Sixteenth district, John Fee vice Albert Burton;

INSTALLS OFFICERS OF STATE BARBERS

Thomas Casey.

Rock Island was represented at the meeting of the Illinois Journeymen Barbers' association at Springfield yesterday by Mr. Casey, who is a member of the state barber board. Bloomington was voted the convention in 1918. Principal addresses were made by the mayor of Springfield, President Walker of the Illinois Federation of Labor and others. The state barber board was given strong endorsement for the work which it has accomplished.

Mr. Casey acted as installing officer for the following newly elected list of officials:

President—T. B. Davis, Decatur.
First Vice President—Thomas Kelly, Streator.
Second Vice President—R. M. Olson, Elgin.
Third Vice President—F. C. McGee, Cairo.
Fourth Vice President—E. W. Holt, East St. Louis.
Fifth Vice President—James Springer, Alton.
Secretary Treasurer—William Jampel, Belleville.

Twentieth district, Jacob Brandemeyer vice T. C. Scott; Twenty-first district, John Peterson vice E. L. Thiesen.
Moline—Sixth district, John Hasson vice Ray Hasson; Fourteenth district, George A. Darling vice Andrew Peterson.

Cordova—O. E. Reynolds vice Earl George.

Hampton—Sixth district, Otto Stamp vice G. A. Swanson.

Rural Road Donation.

It is understood that sometime during this session of the board, an appropriation of \$500 toward the improvement of the rural highway constructed by Moline live wires will be asked. This sum will be conditioned on subscriptions to the extent of \$2,500 being raised by individuals. It is said. Opposition to the proposition has already developed, some of the board opposing the move because it will mean aiding a highway that parallels the county farm road, to improve which an appropriation was made by the board at the spring session.

The report of the clerk on the wolf bounty for the year was read and placed on file.

An effort was made to have the board adjourn until Thursday morning at 10 o'clock, but which was defeated by a large vote, the members deciding not to return until Monday morning at 9. Many of the members are anxious to attend the Mercer county fair which is on this week and others are counting on seeing the big state fair at Springfield, so that a strong effort will be made to conclude all of the business of the September session by the middle of next week.

Notice to Contractors.

Sealed bids will be received by the board of local improvements of the village of Milan until Sept. 18, 1916, at 8 p. m. for construction of sidewalks. Three improvements amounting to \$4,000, \$6,000 and \$10,000 each.

Plans and specifications on file in the village clerk's office.

Autumn Fashion Exhibit at M'Cabe's

Thousands of Women Will Be the Guests of This Store Thursday, Friday and Saturday.

SPECIAL exhibit of the new millinery, tailored suits, dresses, evening gowns, wraps, furs, junior and misses' ready-to-wear, men's furnishings, shoes, gloves, hosiery, neckwear, laces, dress goods and silks and other dress accessories. This is an informal affair which we have planned as an introduction of the new Fall and Winter modes—a special exhibit of authentic styles—a revelation of the cleverest ideas of noted designers. In asking you to be our guests it is with the knowledge that we have prepared for your pleasure and entertainment much that is new and exclusive—a choice collection of new merchandise which, in many respects, will have no duplicate in the Tri-Cities, outside of this store. A special orchestral program has been provided for Thursday afternoon and a special luncheon menu in the Tea-Room for three days. Again we cordially invite you to come.

ALEDO AT A GLANCE

Daily Doings in Mercer County's Busy Capital

FINE EXHIBITS FOR ALEDO COUNTY FAIR

The rain of yesterday morning delayed considerably the entering of exhibits at the county fair, but as the weather cleared away in the afternoon the road was kept busy leading to the fair grounds, and the floral hall and main hall were quickly filled with exhibits of every sort. Each department was well filled by 6 o'clock, and everything was in readiness for the first big day of the fair today. About fifty stands have been erected, these including eating stands, cane stands, fruit stands, novelty stands, and fortuneteller stands. With three large booths in addition to the many eating stands upon the grounds, the large crowds which are expected with favorable weather, may be well fed. Cards announcing the weather conditions, which was fair and warmer for today, were placed about the grounds at conspicuous points. The hog and cattle pavilions were well filled at the close of yesterday, and the horse barns were brim full of excellent animals of every class. In the poultry department there is an exceptionally large number of exhibits this year. It has been necessary to erect a tent adjoining the east end of the poultry display building to provide for a portion of the exhibits of poultry, rabbits and guinea pigs, etc. The tented pavilion containing the Ralph Thede implement and buggy exhibits is the largest upon the grounds. The Monmouth Plow company has a large tent erected in which it will exhibit the products of its factory. The Mercer County Crop Improvement association has an interesting tent full of farm exhibits including pictures of classes and heads of live stock and charts representing farm processes. These together with other displays of

gasoline engines and automobiles will afford the fair goers interesting pastime.

The apparatus to be used by the Flying Moors, a troupe of European aerial artists, was erected yesterday afternoon and is ready to be put to use by that company between race heats each day. The platform for use by the Wilkes skaters, another free attraction, has also been completed. The first of the horse races will be held today. The rain of yesterday did not render the track unfit for racing as some had expected. The program of races for this afternoon is:

No. 1—2:25 trot, purse, \$300.
No. 2—2:12 pace, purse, \$350.
No. 3—2:25 pace, purse, \$300.
No. 4—Gents' drive trap, purse, \$75.

Succumbs to Injuries.

James Scott died Monday following three weeks of insufferable pain caused by injuries received in a fall. He breathed his last at his home on East Seventh street after being brought home from the Mercy hospital, Davenport, one week ago. Funeral services were held from the home at 2:30 this afternoon. Rev. F. E. Shult of the Methodist church officiating. Interment was in Aledo cemetery.

Is Your "Telephone Door" Large Enough?

If the door to your place of business wasn't large enough for your customers to get in, you'd be certain to enlarge it or to open another door, wouldn't you? How about your "telephone door"? Is it sufficient to take care of the ever increasing number of "telephone buyers," or do some of them get tired of the "busy" signal and buy elsewhere?

An additional telephone would not only pay for itself in a few saved sales but it might also prevent the loss of good customers.
